

Temporary Local Rules

All rules regarding Social Distancing are to be adhered to on course.

Bunkers

All rakes have been removed from the course.

Please attempt to repair damage with your club as you exit the bunker.

If a ball lands in an area which has been left in a condition that disadvantages a player a preferred lie may be taken in the bunker.

Flagsticks & Holes

Flagsticks are to remain in the hole at all times.

A riser has been placed in each hole so that the ball may be easily removed without touching.

A ball must come to rest in the hole.

Scoring

Each player will score their own card and record the score of their marker.

At the completion of play perform a visual check of the two cards.

Only one signature required.

Place your card in the box in the pro-shop.

As directed by Golf NSW all cards will be handicapped when following these rules without any adjustments needed to the course ratings. Do not share equipment. Toilets in the squash court and on course are open.

A refreshments cart will be operating on course.

To adhere to the rules of social distancing it is now mandatory that only 1 player may travel in each cart with the exception of husbands and wives.
